J. Jeffrey Huber Daily Report

10-26-2020

River Activities – Electron crew working adjacent to the river to clean up the astro - turf and plastic.

Construction Activities – Electron crew is using all available resources to clean up the astro – turf.

JH – 0630 Electron labor crew stages at the lower offices.

JH – 0700 Electron crew makes there way to the North side of the river to begin clean-up of astro – turf and related materials

JH – 0700 Vacuum trailer onsite to assist with clean up of the astro – turf.

JH – 0700 Corey K. starts Electrons water quality tests

JH – 0800 Clean up operations of the astro – turf and related materials are in full swing. Corey A. is supervising. This will be ongoing throughout the day.

JH – 1000 Clean up is ongoing. Electron is using a crane to swing vacuumed and gathered materials across the river and loaded into dump trucks. This is accomplished with a 105' lattice boom crane.

JH – 1300 Clean up continues using the vacuum mounted trailer, hand held equipment, vacuums, excavators, & man power. Material vacuumed up is being loaded into super sacks and flown by crane across the river to be loaded into dump trucks. No issues

JH – 1400 JH sat in on a phone call to Carol from the Dept of Ecology placed by Thom F. in concerns to turbidity in the river when the diversion happened Sunday. Thom F. calling in a ERTS.

JH – 1800 Electron crew still cleaning the area of astro – turf and related materials. Electron will clean until dark.
